

Accessibility Plan

School Name:	Ysgol Bryn Derw
Plan Date:	February 2020
Review Date:	February 2023
Approved by:	

Introduction/Aim of the Plan

This Accessibility Plan is drawn up in compliance with current legislation¹ and requirements. School Governors are accountable for ensuring the implementation, review and reporting of progress of the Accessibility Plan over a prescribed period. This Accessibility Plan is structured to complement and support the school's Equality Objectives, and will similarly be published on the school website².

Key Objective of the Plan

The purpose of the Accessibility Plan is to reduce and eliminate barriers to access the curriculum and to ensure full participation in the school community for pupils, and prospective pupils, staff, volunteers and visitors with a disability. The plan is developed around three planning duties: Improving Access to the Curriculum; Improving the Physical Environment and Improving Communications. The plan also takes account of the need to involve pupils in making decisions which are likely to affect them.

Equality Act 2010 Statement

It is against the law for a school or other education provider to treat disabled students unfavourably. This includes:

- direct discrimination, for example refusing admission to a student because of disability
- indirect discrimination, for example only providing application forms in one format that may not be accessible
- discrimination arising from a disability, for example a disabled pupil is prevented from going outside at break time because it takes too long to get there
- harassment, for example a teacher shouts at a disabled student for not paying attention when the student's disability stops them from easily concentrating
- victimisation, for example suspending a disabled student because they have complained about harassment

Reasonable adjustments

Schools have a duty to make 'reasonable adjustments' to make sure disabled students are not discriminated against. These changes could include providing extra support and aids (like specialist teachers or equipment). Schools are not subject to the reasonable adjustment duty to make alterations to physical features as this is a Local Authority responsibility. The buildings must be made accessible for disabled pupils as part of their overall planning duties.

Definition of a disability

You are disabled under the Equality Act 2010 if you have a physical or mental impairment that has a 'substantial' and 'long-term' negative effect on your ability to do normal daily activities.

Equal Opportunities

We do not discriminate (either directly or indirectly) against anyone on the grounds of their gender, race, ethnic origin, religion, ability, disability, sexuality or any aspect of their social/cultural background. Furthermore, the school community is committed to countering all forms of racial prejudice and discrimination. All procedures are designed to promote equality and diversity.

¹ 2010 Equality Act – Schedule 10, Section 88

² [The Children's Commissioner for Wales](#) states School accessibility plans should also be made available online.

General provision

As Ysgol Bryn Derw is a Special School all pupils have a disability. As such all planning and activities are designed to take this into account. The school endeavours to ensure that all pupils, including those with disabilities, are able to take part in all school activities; children with disabilities are always included in activities such as assembly, community visits, playtimes and sporting events through a combination of specialist staff, high staff-pupil ratios, a bespoke adapted environment and specialist equipment and systems (e.g. PECS, TEACCH)

Classrooms are organised and set out in order to ensure that pupils can move easily about the room and so that class activities are fully inclusive. Class sizes are kept very small in order to ensure that the needs of the pupils can be fully met at all times

Access to the curriculum

As Ysgol Bryn Derw is a Special School all pupils have a disability. As such all curriculum planning and activities are designed to take this into account:

- Each class has a high staff-pupil ratio with highly trained teaching Assistants to provide additional support to all pupils
- Provision and use of tools in design technology or cooking lessons is planned on an individualised basis, and where relevant with the advice and guidance of Occupational Therapists
- All trips and visits are planned with the specific needs of the pupils in the forefront of the thinking of staff. Appropriate venues that can cater for their needs are identified and additional staffing (above the typical high ratios). All trips risk assessments are focused upon the additional needs of the pupils
- High staff ratios are maintained at lunchtimes through the use of additional lunchtime staff. Outdoor play environments are all accessible directly from classrooms and are on a mobility friendly surface
- All PE sessions are designed to meet the disability needs of all pupils, and are continually adapted to meet changing needs
- All staff work with pupils with disabilities and so all staff are trained in alternative communication approaches, behaviour de-escalation and supporting ASD

Building Access

Ysgol Bryn Derw opened in September 2017 after a full refurbishment of the old Gaer Infant School building. The school expanded into an additional building in February 2020 after a refurbishment of the Gaer Annex.

The main building is fully DDA compliant:

All doorways are sufficient width for passage of wheelchairs (including double doors in all corridors), there is a wheelchair lift next to the only set of stairs in the building, and the stairs have handrails

The Hall and toilet facilities are accessible via reception without the need for any steps to be encountered

There are disability friendly toilets in all parts of the school and full size changing beds in hygiene bathrooms

There are nine designated disabled parking bays in the school car park

All outdoor areas are accessible directly from classrooms and are all wheelchair friendly

Communication and access to school information

All aspects of signage in school are communication friendly – with all rooms labelled in English, Welsh, photo, symbol and Object of Reference format

The school work closely with GEMS and a range of translation services to ensure that all families receive important communication in the most appropriate format

All staff have access to person centred files for their pupils and so have full awareness of their medical and disability needs

Pupil engagement and consultation

The School Council discusses a wide range of issues, including those related to the rights of young people and so is fully involved in considering the needs of pupils with regards to access to the building and curriculum.
